Dear Knitwit Fabric Cub member

The sad news that a national post strike is about to start has prompted us to send out this newsletter a bit earlier than usual and to tell you of our contingency plans. Our local post office informs us that the strike will probably disrupt the post service but deliveries and collections will continue and sorting offices will be staffed with managers where necessary. We propose to make more use of Parcel Force who are not affected by the strike at this time however we can also use courier services as a last resort but these are obviously more expensive especially for smaller parcels. To minimise the strike affecting your sewing pleasure we suggest that you consider phoning or e-mailing orders.

Don't forget to use our new local rate telephone number and remember that we can retain your card details if you would like us to for future orders by e-mail, post or telephone.

We are delighted to be sending you two more new fabrics to add to our Autumn 2009 fabric portfolio.

The new additions to the Autumn 2009 Portfolio will be available to the general public when posted on our web site soon after the 22nd October, this gives our Knitwit Fabric Club members first choice of the new fabrics until then.

Enjoy your Sewing
Barbara
